

# The *Linux Users' Group of Davis* presents:

Monday October 19, 2009 7pm – 9pm	Explorit Science Center 3141 5 <sup>th</sup> Street Davis, CA 95616
---	---

**Virtualmin** is the world's most powerful and flexible web server control panel. Manage your virtual domains, mailboxes, databases, applications, and the entire server, from one comprehensive interface. Based on *Webmin*, it offers a wide array of productivity-enhancing tools for hosting providers, web developers, web designers, and end users.

Our guest speaker will be **Joe Cooper**, co-founder of Virtualmin and author of *The Book of Webmin*.

***Free & open to the public!***
