

The Linux Users' Group of Davis presents:

SOURCEFORGE™ net

with Patrick McGovern, Director of SourceForge.net

SourceForge.net is the world's largest Open Source software development website, with the largest repository of Open Source code and applications available on the Internet. SourceForge.net provides free services to Open Source developers.

Patrick will be discussing the history of SourceForge.net, the communities that reside on the site and the applications that reside there. He'll discuss how the site got started, the services they provide, and how they've grown from a few projects to having over 90,000.
